

PERFORMANCEstol

CERTIFIED DOUBLE-SLOTTED PA-18 FLAP SYSTEM

The **certified Performance STOL flap system** comes in only one configuration with the flaps extended inboard to the fuselage. They're designed to bolt onto any certified PA-18 aircraft. If your current flaps do not extend inboard to the fuselage, modifications can be made to your wing root fairings during installation following directions outlined in the installation manual. Scan and email completed form to info@airframesalaska.com.

\$8450
plus freight
